## Additional Information

### CLEAN

Vacuum your upholstery regularly.

### SPILLS

Act quickly with spills. Absorb the spill with a clean white cloth or paper towel. Never rub the surface. Do not use water or other liquids to clean, as they may cause stains. Consult a commercial cleaning specialist for removal of stubborn stains.

### AVOID

Keep furniture out of direct sunlight and away from heat sources; excessive exposure to sunlight may cause color fading. Avoid placing heavy or sharp objects on the furniture surface for long periods of time; this can cause permanent surface indentations. For snags in the fabric, tuck loose threads into fabric or carefully push to reverse side. Never pull out or cut off loose threads.
